This decision, if sustained by the Supreme Court, would, it is said, destroy two-thirds of the patents heretofore issued for mining claims, and make the procuring of patents for most of the old claims impressible, because of the impracticability of making proof of old locations, which have been consolidated into large claims. Thus, a shaft suck on a consolidated case has been twice argued in the Supreme Court, and its forthcomics decision is awaited with great interest.

It was followed by readings and recitations by Miss Mattic E ance. The exercises consisted of an adreadings and recitations by Miss Mattie K. Powers, A. S. Hopkins, Albert Hart and others. Miss Gertie Gerrish presided at the organ, and Miss Powers, Elwood Bruner, Israel Luce, Mr. Chapman, Mr. Burgess and others sang. During the evening an elegant complete silver tea set was presented to Mr. and Mrs. W. C. Felch. It was a complete surprise to the recipients. The presentation was made by Mr. Hart, in behalf of the members of Eureka Lodge, No. 4, and Pacific Eucampment, No. 2, as a souvenir of the day, it being the twenty-seventh anniver-sary of the wedding of Mr. and Mrs. Felch, and was also intended as a token of esteem and respect by brother Odd Fellows, and in recognition of Mr. Felch's valuable services of over thirty years in Sacramento alone.

Mr. Felch responded, moved by deep feeling.

B. Kozminsky also responded in behalf of the couple, and made a warm and touching speech. Thirty years ago Mr. Felch had proposed him to an Odd Fellows' Lodge, and that he made the text and theme of his re-marks. During one of the recesses W. f.
